

McMURRY UNIVERSITY PRIVACY OF INFORMATION POLICY

The Family Education Rights and Privacy Act of 1974 mandates that student privacy be maintained. Personally identifiable academic information will not be released by representatives of McMurry University to a third party without the student's written consent, with one exception. The University may release academic information to the parents or guardians of students who are identified as dependents according to their parents' or guardians' most recently filed Federal Income Tax return.

However, certain information, considered "directory information", may be released without the student's permission. According to the McMurry University Catalog, the following information is considered directory information: "the student's name, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height if a member of an athletic team, dates of attendance, degrees and awards received, and the last education institution attended" (pages 15 of the *2007-2008 Catalog*). Students may request that directory information not be made public by completing the appropriate request form located in the Registrar's Office. This form must be completed each semester during which the student is enrolled to remain in effect.

Class Attendance Policy

It is understood that attendance is part of the learning commitment — placing oneself in a class setting where effective educational communication and interaction can happen. Both faculty and students are expected to be regular and punctual in their attendance habits. Professors and students cooperate and are responsible for shaping a community at work. As part of this responsibility, attendance will be noted in some manner suitable to the size of the class, group, and type of activity. Any necessary absence occurring while a student is representing the University in some official way will be considered an authorized absence. Work missed due to such an absence is to be made up as the respective professor determines. Please refer to the *Council Fire, Faculty Handbook*, or course syllabus for more specific information.

Absences

The following guide will help you determine the number of unauthorized absences allowed before your professor may drop you from the class. Each professor will determine the consequences for absenteeism in his or her class. This will be noted in the syllabus.

- 3 absences in MWF classes per semester
- 2 absences in TR classes per semester
- 1 absence in a 2 or 3 hour class that meets once a week
- 3 tardies equal one absence

Dyess Registration

McMurry University enjoys a mutually beneficial relationship with Dyess Air Force Base and its Education Services Office. The McMurry/Dyess program allows for some courses to be taught at Dyess for the convenience of military personnel. However, other students are allowed to enroll for Dyess courses on a space available basis (see below).

Order of Priority for Enrollment in a Dyess Class

Enrollment in a Dyess class is at the sole discretion of McMurry University. If required because of over-enrollment in a class, the following order of priority is agreed upon:

- 1st priority - active duty military personnel;
- 2nd priority - DoD civilian personnel;
- 3rd priority - military dependents;
- 4th priority - National Guard and Reserve military personnel;
- 5th priority - retired military;
- 6th priority - member of the civilian community.

This priority enrollment system will apply only to early registration. Thereafter, registration for on-base classes will be on a first-come, first-served basis. Within the stated order of priority, students having matriculated with the institution shall have enrollment priority over non-matriculated students.

Civilian Students taking class on base can pick up the “*Obtaining Base Pass and Directions*” memo from either the Registrar’s Office or the McMurry-Dyess AFB office.

Specific room numbers are posted in the stairwell of each floor of the Base Education Services Building.

All accounts not paid in full at the time of registration or set up with TMS, will be subject to interest charged at the rate of 1.5% per month (18% per annum) of the unpaid balance on the 20th of each month after the beginning of the semester when the account reaches 30 days old.
